

# Behaviour Provision

The work of the behaviour team is extremely varied. The provision consists of two main areas:

Recovery

Re-engagement

## Recovery

Students are placed in Recovery following a serious incident, or following a significant build up of behaviour points, over the course of a term. These students complete work from each subject area, in a quiet and supervised environment away from classes.

## Re-engagement

This is a crucial part of the work of the team. Any student who needs to spend time in Recovery will also receive a period of mentoring from a member of the team, where they are able to reflect on their actions, and manage their behaviour when they are back in normal lessons. We also facilitate mediation between students, following a disagreement or conflict.

Some students may spend further time in Re-engagement, to assist them in completing work for certain subjects, in agreement with zone and pastoral staff.

The team also mentor any student in need of additional behaviour support and track their behaviour, to ensure that they are monitored carefully. We produce regular reports for staff, including Form Tutors, to ensure that students are able to take ownership of their own behaviour, and that they are reminded of how many behaviour points they have received each week. This also applies to achievement points, which we place great emphasis on.

All in year students new to Walkden High School will have a period of integration in the provision to ensure that their start with us is as smooth as possible. Their progress and behaviour is then tracked to ensure that they settle in quickly.

Please see the behaviour handbook for further information, and don't hesitate to contact me if I can be of any further assistance.

Mr. N Hilton

Behaviour Provision Manager
